Campus Marketplace

Campus Marketplace is an online forum for student-to-student textbook sales. It provides another alternative to textbook buyback.

How it works:

- Sellers post their used textbooks in the Campus Marketplace section of the MCTC Bookstore's website. Buyers can search the used textbooks being offered and compare the prices against what the Bookstore is charging for new and used copies.
- Communication between sellers and buyers occurs via email, and students are responsible for setting and agreeing upon the terms of the sale and payment.
- The Bookstore does not handle any payments for sales arranged through Campus Marketplace, nor does the Bookstore allow returns or refunds for textbooks sold through the Campus Marketplace.

How to Create a Post:

Important things to remember:

- Please be respectful of your fellow students. Be honest about the condition of the book you are selling. Do not sell used access codes. Note if there are parts of a bundle that are missing, if the book is damaged in some way or has a lot of highlighting, etc. in other words, anything you would want to know yourself if you were the buyer. Set a fair price.
- Your posts are public, viewable by anyone who visits the website
- Remove your post after you have sold the book so others know it is no longer available. Posts are automatically removed after 30 days.
- The Bookstore Staff reserves the right to remove any posts at their discretion
- 1. Click on the **Campus Marketplace** link at the bottom of the Bookstore's homepage, www.mctcbookstore.com, or **Log in** to you Bookstore account and click on **Campus Marketplace**

 - If the book is eligible for the current textbook buyback, you will see an estimated buyback price. Please note: this is not a guarantee that it will be accepted for buyback.

- Add a post without an ISBN

- Fill out all of the fields. Be as thorough as possible this will help people find your book!
